BENEFIT BALL GAME ATTRACTS CROWDS

Many People Patronize Effort
For Local Charity.

It was a great game—a great victory for the married men—and it ought to be an incentive to those misguided ones of the bachelor element to "go and do likewise" and at least learn to play baseball. Sunday afternoon in the presence of one of the greatest crowds that ever assembled on the local diamond the married men humbled their single brethren by the overwhelming score of 21 to 10. "How have the mighty fallen." The single men marched into the field, while the band played martial music, proudly bearing their banner on which was written the legend, "Champions of 1912," and when the game was over they quietly stole away, crestfallen and shorn of last year's honors.

The game was full of features. To name them all would cover a page of the Democrat. Bill Curran, for the married men, pitched big league ball, allowing but six hits, whereas the married men trounced Charlie Curran and Heinie Beeger for a total of nine hits. Bill also started at the bat, getting a triple and a double. Dan Stafford scored a double and a single out of three times up. He was such a plugger that the other times up he was walked making his average for the day .667. He also shone making an unassisted double play. The team work of the married men was marvelous. Stolen bags were common; the work of Jack Shields, Judge Lampkin, Sam Allain and Roy Curran for the beneficiaries. Honor is due to Jim Neuman and Carl Plump for playing an errorless game—they did not have any chances.

Last of all, but not least, is Harold Heiner. It seemed as if Harold was on the bases all the time, and along about the fifth or sixth inning his numerous friends decided that he should be presented with a token of appreciation for his great work. The next time he reached first a delegation met him and presented him with a floral offering. But Harold was too busy with plans to steal second, which by the way he did, so they intercepted him at third with his present. After he had scored Sam Allain and Dan Stafford gave him the water bucket and his floral piece which when opened proved to be a cabbage. Pictures of Heiner and his prize were taken.

For the single men it would be hard to pick out a star, but Guy Hull, with a perfect fielding average (no chance) and a record of four strike-outs out of as many times up, was a feature. Al Michael played a star second base, booting every one that came his way. Joe Simmons showed he was also a football player by kicking the ball all over the infield. Bill Barg played a grand first base, catching all that was thrown into his hands and letting the others go by. Lane on short and Liguori on third made several force outs and also forgot what to do with the ball on a few occasions. "Paddy" Fitzpatrick dropped a difficult (?) fly in left field which added to the interest of the game and the error column showed that the married men scored fifteen errors, while the single men piled up twenty-three. All who failed to see this great game should see the pictures of it. There are scores who did not witness the game and for their benefit the great event will be repeated in moving pictures at the Bell theatre next Monday evening. The pictures will also be shown in other theatres, and throughout the land will the great victory of the married men be made known.

COAST SIDE ROUTE TOURIST PARADISE

Tourist Association Booklet Is
Advocate of County Trip

In its "Seventeen Trips by Train, Trolley and Motor Boat," a booklet issued by Tourist Association of the San Francisco Bay and River Counties, San Mateo county is given liberal space in the description of its popular drives and railroad trips. Following is a well-written article from this source on the Ocean Shore trip down the coast:

Take the train at the Ocean Shore Railroad Station, Twelfth and Mission streets, San Francisco, which may be reached on cars Nos. 7 and 9 on Market street. From Oakland allow one hour to make connection at San Francisco.

This is a delightful trip along the rugged and picturesque shores of the Pacific, and combines wonderful scenery with a vibrant historical interest. The personally conducted trip goes only as far as Montara, twenty-three miles from San Francisco. Here the passengers are taken in a bus over a four-mile drive to the monument marking the spot from which Don Gaspar de Portola discovered San Francisco Bay, October 30, 1769. Luncheon is had at Montara Inn, after which the bus returns to Montara over another picturesque route and connection is made with the train returning to the city. If the tourist wishes to continue on to Halfmoon Bay and Tunitas, at the end of the line, he may do so, and will be amply rewarded for the time spent. In this event, the return trip can be made on the train leaving Tunitas at 5:30 p. m.

Leaving the station in San Francisco, the first few miles are through the Mission district of the city to Ocean View. Here the road skirts Lake Merced, one of the sources of San Francisco's water supply, and the visitor gets his first view of the ocean. Turning south, the train follows the coast line for almost thirty miles, passing through quaint little towns and villages squinting on sandy beaches. Mussel Rock, Edgemar, Salada Beach, Rockaway and Brighton Beach lie by in the order named. At Brighton Beach the route turns into the beautiful San Pedro valley, three miles long by half a mile wide, where the rich soil is largely given over to artichokes for the Eastern and foreign markets.

Beyond San Pedro Valley the road clings to steep bluffs, tumbling down to the Pacific Ocean all the way to Montara. Here Don Gaspar Portola, after

ward California's first governor, made his camp after his long march from San Diego, and hence a few days later, on October 30, 1769, he set out on his brief trip to the mountain-top from which he saw the Bay of San Francisco unroll before him.

Visitors are taken over the ground on which de Portola camped and to the monument erected to mark the place from which he first sighted the great Bay.

After luncheon at the Inn, passengers are taken back to the station in time to catch the train for San Francisco.

It is seven miles from Montara to beautiful Halfmoon Bay, on the shores of which lies the town of Halfmoon Bay, one of the first settlements in California and peopled originally by Spanish and Portuguese. Many of the old houses still remain.

There is an excellent automobile road from Halfmoon Bay across the hills to San Mateo, fourteen miles eastward. It is possible for the visitor to take this trip he should do so, as the route traverses some of the most wonderful natural scenery in California. The hills, for most of the distance, are wooded and rugged. Crystal Springs Lake, another city water supply and located in the high hills, is on the way. Hillsborough, where many millionaires have established fine country places, is close at hand.

At San Mateo, twenty miles from San Francisco and one of the prettiest suburban cities on the peninsula, trolley or train may be taken to San Francisco at almost any hour.

IF THE FIREMAN CANNOT SAVE your home, store, office or factory from the flames, you can still face the situation without worry if you are insured.

THE FACE VALUE OF THE INSURANCE POLICY we issue is represented by the sum we issue to replace everything the flames destroy. Prompt settlements, too, are a feature. Better stop in and order us to get one out for you.

 CITY OFFICIAL PAPER
 D. E. O'KEEFE, Editor and Proprietor

The supervisors will fix the tax rate at its meeting next Monday. The auditor has prepared his statement showing the amount required to conduct the business of the county for the coming year. According to his figures the rate will be \$1.42 on the \$100 of assessable property of the county as against \$1.60 last year. These figures are subject to change by the board. It is to be hoped, however, that no revision will be made and that the rate prepared by the auditor will stand. The rate two years ago was \$1.85.

REGULATE THE TRAFFIC.

Now that Redwood City has through the progressiveness of its citizens and by the will of its city council secured good streets through most of the resident section, an ordinance should be framed restricting certain streets to light traffic only. The quality of earth underlying the foundation of the newly constructed streets will not support the heavy traffic that is constantly applied to it, and already some of the new streets are beginning to ridge and show signs of the heavy loads which they are forced to bear.

Also, while we are on the subject, traffic officers should be posted on corners of the resident sections at infrequent times to stop the speeding which is so frequently carried on and which constantly endangers the children playing in the various neighborhoods.

A SOURCE OF GRATIFICATION.

The sale of \$352,000 worth of San Mateo County Road bonds by the Supervisors is a source of gratification to the traveling public of the county generally. While the sale must be credited largely to the energy and hard work of Mr. M. B. Johnson, who was also the hardest worker for the passing of a bond issue, and to District Attorney Franklin Swart, it is nevertheless pleasant to think that San Mateo County bonds could be sold at this time. With a feeling of unrest prevailing throughout the country, capital has not been forthcoming for several months past to purchase any bonds whatever, hence the pleasure expressed by the Board of Supervisors when the bid of W. R. Staats & Co was made.

It will be but a short time now when work on the construction of the new highways will begin and San Mateo county will then come to the front as one of the most progressive counties in the State.

A NEW OUTING SPOT

Exile from home during a vacation period is not imperative; change of scene is wholesome but not essential, says the Christian Science Monitor. You can loaf under your own vine and fig tree quite as well as in a forest camp or an ocean-side bungalow, and sometimes to a better physical advantage. Home folks can generally cater to peculiarities of appetite which it would be difficult for a resort chef to understand or to meet. No couch so adjusts itself to individual anatomical peculiarities as does the one which was acquired when housekeeping began.

Besides, with neighbors as fellow recreationists there is no need to pretend to be other than what you are. Attire can be suited to precise conditions of temperature and sport. Conversation is fruitful and entertaining, because based on facts mutually understood.

Nor is this all. A vacation at home gives many a man the first real knowledge he has ever had of what goes on in a realm that for six days a week, at least, is usually as mysterious a region as fiction can devise. It will open the eyes to the actual toil and service of the women who retain domestic ideals and live up to them. Such a vacation would give fathers a chance to get acquainted with their children in their usual environments; it would make possible a careful study of the city in which one lives.

A vacation at home would do another thing. It would enable the person so choosing to catch up with his social relations. Old family friends, already sensitive to neglect, could be reassured that they were not forgotten. The new neighbor across the way could be made a neighbor indeed. The vacation at home, in fact, would give the opportunity, seldom otherwise obtainable, of an adjustment, in the best possible way, to conditions as they are.

SIMPLE NEW REMEDY HAS POWERFUL ACTION

It seems strange to many people in Redwood City that the simple mixture of buckthorn bark, glycerine, etc., as compounded in Adler-ika, has such a quick, powerful action. Our customers state that JUST A SINGLE DOSE usually relieves sour stomach, gas on the stomach and constipation so QUICKLY that it is really astonishing. Many say Adler-ika is the best bowel and stomach remedy we ever sold. A. D. Walsh Co., druggists.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SOUTH SAN FRANCISCO.
According to the report of City Clerk Smith, there was a balance of \$3384.50 in the general fund of the city treasury on September 1st.

T. J. Mahoney has been confined to his home with a severe attack of pneumonia.

M. Gaspar is making a number of improvements to his residence on Railroad avenue. The house is being raised and a basement story added.

The annual Lador Day picnic of St. Michael's parish at Tanforan park was a most successful affair. The attendance was unusually large and a splendid program was given.

Harry Hutchinson, aged 18, employed by the Fuller Paint Company of South San Francisco, is in the County Jail facing a serious charge, preferred against him Monday by Lillian Coon, 11 years old, of Daly City.

SAN BRUNO NOTES.
Mr. Sheideck of the fifth addition is making a number of substantial improvements to his residence.

Mrs. Madson and her sister, Miss Jeanette Jacobsen, have returned from a visit of two months with their mother at Eureka.

The chief subject of discussion at the meetings of the Federated Improvement Clubs continues to be the incorporation of San Bruno, for which the members are actively working. The Federation is also making a strong effort to have San Bruno represented in the Potlatch Day parade. Local action demonstrates that if the Supervisors will only give the people of San Bruno a reasonable change they will accomplish much toward the upbuilding of this end of the county.

Admission Day was well observed in San Bruno, the chief event being the picnic of the volunteer fire department in the Cabin grounds.

SAN MATEO AND BURLINGAME.
The movement recently started for the organization of a men's club at Burlingame is receiving strong public support. The present design of the clubhouse of the project is to lease the upper story of the new Kirkbride building for club quarters, which will be fitted up with every means of social enjoyment.

The city trustees of Burlingame are considering an ordinance for the strict regulation of the sale of milk in that city. A provision of the ordinance will require that all milk and cream must be delivered to customers in bottles.

Rev. J. K. Coolidge, rector of the Burlingame Episcopal Church, acted as leader to a party of boys of the Knights of King Arthur on an outing to Purisima. The party left Saturday morning and returning Tuesday evening, the boys evidently enjoying the outing.

The city council of San Mateo is preparing to submit to the voters a proposition for the issuance of \$89,000 in bonds for public improvements. The money will be expended in the erection of a city hall and central fire station and the construction of several concrete bridges over waterways within the city limits.

The city council of Hillsborough has fixed the tax rate for the year at \$1.58, a reduction of two cents from the rate of last year.

Supervisor Peter Brown, young son of Supervisor W. H. Brown of San Mateo, died at his parents' home early Thursday morning after a long and lingering illness. The little fellow had just past his twelfth year. He was popular with his school mates and beloved by all who knew him. His demise is a sad blow to his parents who fairly worshipped the little fellow. The fond parents did everything they could to restore the health of their son. Mr. and Mrs. Brown have the sympathy of the community in their sad loss.

FROM THE COAST SIDE.
The residents of Halfmoon Bay have started a movement for the holding of a county celebration of the Fourth of July next year on a mammoth scale. At a recent meeting of citizens an organization was formed with H. C. P. Morse as chairman, J. L. Posey as secretary and A. S. Hatch as treasurer. A general committee was appointed, consisting of the following: C. P. Mosconi, J. A. Flink, G. E. Dunn, Prof. A. M. Croop, John J. Gomes, William Mowry, and Fred Vallejo.

Two popular coast side young people, Frank Cunha and Rose Cunha, were united in marriage on September 3rd. The ceremony was performed at the Catholic Church at Halfmoon Bay, Rev. Father Adriano officiating. Following the ceremony the wedding party were entertained at a splendidly appointed dinner at the home of the parents of the bride, Mr. and Mrs. John Cunha.

A musical and dramatic entertainment of a high order will be given at the Montara-Farallone school house on Saturday evening, September 20th. The proceeds of the entertainment will go to the benefit of the Montara-Farallone church.

Mrs. F. Maier has let a contract for a bungalow to be built on her property at Farallone.

Miss Lottie Shoults is now sole proprietor of the confectionery store at Halfmoon Bay, having purchased the interest of her former partner, Mrs. Flanagan.

The young men of the village will give a dance in Independence hall Saturday evening, September 20th. Copeland and Mannott of Palo Alto will furnish the music. A good time is assured all who may attend. The young men are sparing no means to make the occasion the social event of the year.

An entertainment for the benefit of the Woodside Congregational Church will be given in Independence hall on Saturday evening, September 27. Admission adults 50 cents, children 25 cents, including ice cream. An excellent program has been arranged consisting of vocal and instrumental music recitations and farces.

The son and daughter of Mr. and Mrs. J. Henry Meyer returned during the week from Europe. Mr. and Mrs. Meyer will return in about a month. The family left for a tour of the old world last spring and during its travels Mr. Meyer was taken ill with appendicitis and was operated upon at London.

Mr. Meyer soon recovered and was able to continue on his journey.

William O'Brien Macdonough, who has been travelling in Europe with his sister, Mrs. John G. Agard, for the past year, will return soon. He attended the sale of his horses at New York recently and was delighted with the prices the thoroughbreds brought in the open market. Mr. Macdonough accompanied by James Macdonnell left after the sale for Kentucky to care for Mr. Macdonough's interests in that state. They will start shortly for California.

Bids for the construction of the new school building were opened by the trustees Monday evening. There were five bids in all. The lowest was that of the Weeden Brothers being \$16,979. This was over the engineers' estimate but the board will award the contract to Weeden Brothers as their figure was so near the estimate that it would not be a part of wisdom to re-advertise. The work is to be completed in 90 days. The contractors will begin excavating next week.

Bayard Rapley, who was injured by a fall Sunday night from a Southern Pacific train, has regained consciousness and will recover. With a number of boys he attended the theatre at Palo Alto that evening and on returning on the 11 o'clock train fell from or was shuffled off the rear car. The boy, who is about 13 years old, does not know how the accident occurred and only has a hazy recollection of the affair. He has been confined in a Palo Alto hospital since Sunday. The boy is recovering rapidly and will not suffer any permanent injury.

The bazaar closed Monday evening under most pleasing auspices. It was the most successful fair ever held in this locality and this was due to the untiring labor of the ladies, who worked late and early. They were ably assisted by Father Hannigan. The gross receipts cannot be ascertained at this time, but they will be far in excess of the most sanguine expectations of the ladies. A large sum will be realized.

FORESTERS DELEGATE IS GIVEN SURPRISE

J. J. Read is Welcomed Home by Fellow Lodge Members.

John J. Read arrived home Thursday evening after a month's absence attending the Foresters' convention at Atlantic City. Mr. Read was one of the nine delegates from California. After the convention he visited relatives and friends at Providence, R. I., and Boston, whom he had not seen for over 20 years. Returning, he stopped over at Philadelphia, where he visited his old home. He returned for the West on the New York Central, from which he branched to the Canadian Pacific at St. Paul. He was then rushed through the Canadian Southwest, the vast grain-fields, the Canadian Rockies, and terminated at Vancouver. He then went through Washington and Oregon and at last reached his beloved California and Redwood City. He was welcomed at the depot by the Foresters, with the band at their head, and was greatly surprised at the reception tendered him. They marched in a body to the new home of the Foresters, where Mr. Read was captivated by the beauty of the building. It has been given so many beautiful touches since Mr. Read's absence that he hardly recognized it. He says that Redwood City, in his estimation, was more to him than any other city he had seen on his long trip.

POPULAR RESIDENCE TRACT TO HAVE IMPROVED STREETS

A resolution was passed by the board of Trustees at their meeting Tuesday night of last week granting to the Redwood Highlands Company, owners of Dinegar Park, a right to proceed with the street work throughout the tract.

E. S. Tanner, secretary of the George H. Irving Company, the owners, speaking of their plans, said that it was the intention of the company to install high class improvements throughout the property. It will be the policy of this company from beginning to end to deal only in high grade properties and improve them in the right manner. We find this to be a splendid investment, for it means increase of values and satisfied customers.

The cost of the contemplated improvements will be upwards of \$100,000. This will be one of the biggest private contracts ever given in the vicinity of Redwood City. Some work will be done on the roads this fall, but owing to the lateness of the season the bulk of the work will be started in early spring.

Mr. Tanner stated that although the property has only been on the market a week, many lots have already been sold and without doubt before the end of the year most of the choice sites will have been disposed of. "We find," said Mr. Tanner, "that buyers appreciate our taking care of the street improvements so that the purchase price includes everything. The construction of many homes will start very shortly in different sections of the property."

Boat Owners Organize.

Owners of pleasure craft plying on Redwood Creek have completed the organization of a boat club, a move which has been under consideration for some weeks past. The officers of the new organization are as follows: William Williams, commodore; Geo. H. Hanson, vice commodore; Carl H. Mabey, secretary-treasurer, and an executive committee composed of the delegates selected by the Redwood City Board of Trade. Plans are already under way for securing a club house located near the city dock at deep water, as well as utilization of the facilities provided by the city in the construction of the landing place at the East Bradford street bridge. That much interest is being displayed in the organization is shown by the fact that practically every owner of a pleasure boat plying on the creek has signed the roll. The next meeting of the club will be held on Tuesday evening.

New Actions in Superior Court.

John B. Clarke and his wife Hattie M. Clarke has begun an action in the superior court against Charles P. Nott to recover damages in the sum of \$20,000. The complaint alleges that on September 10, 1912 Mrs. Clarke was standing on the sidewalk near the Southern Pacific depot at San Bruno when she was run down by a horse belonging to defendant and severely injured. The animal was tied to a balustrade of a stairway alongside Font's blacksmith shop at San Bruno and becoming frightened broke away and ran down the street with a portion of the balustrade striking Mrs. Clarke violently and knocking her to the sidewalk. She was severely injured and was confined to her bed for a period of eighteen weeks. She has not fully recovered from the shock and may never regain her former strength. The complaint alleges that the balustrade was weak and insecure. Plaintiff alleges the injury to Mrs. Clarke occurred through the carelessness of defendant. Mrs. Clarke asks that she be allowed her doctor bill of \$105 and bill for medicine amounting to \$20 besides damages in the sum of \$20,000. John D. Willard and J. W. Staats approving the proceedings of the bond issue, and next week will be prepared to turn over \$310,000 to the board of supervisors. The remaining \$400,000 will be paid later. The supervisors may now proceed to begin work on the county highways. The proceedings of the bond issue were carefully gone over by expert attorneys and the fact that they found no flaw or legal defect speaks well for District Attorney Swart.

Mrs. J. N. Winter left on Tuesday for Chattanooga, Tennessee, to attend the national convention of the Woman's Relief Corps. She goes as a representative of George S. Evans Relief Corps of this city. Mrs. Winter expects to be absent for three weeks. The president, Mrs. Geraldine Frisbie, will remain in the east for three months winding up the affairs of her administration.

Mrs. Frisbie was the first woman of California to be elected to that position. Owing to the order of the State Railway Commission recently made cutting the rates of the Wells-Fargo Company, the concern is shortly to retrench. The new schedule will not go into effect until late in October. Among the many changes contemplated by the company is to place the smaller agencies with the Southern Pacific Company. This railroad many years ago handled nearly all the Wells-Fargo business on the peninsula and it is likely the greater portion of it in future will be taken care of by it. The new order will work a hardship on those who hold agencies.

Paint Keeps the Home Bright

A LITTLE paint here, a touch of enamel there, a brushful of varnish yonder—everyone can see a dozen or more such opportunities for brightening and beautifying the home.

Perhaps it's the outside of the house that needs protection from the ravages of the weather; perhaps it's a chair, or dresser, the floor or woodwork that has become worn and shabby, or perhaps it's the family carriage, the farm wagon or the lawn swing that has ceased to be a source of pride.

LOCAL SOCIETY GIRL IS SOON TO BECOME BRIDE

Announcement has been made of the engagement of Miss Emily Hess, daughter of Mr. and Mrs. Arnold Hess of this city, to Philip Wallace of San Francisco. The marriage will take place at the home of the bride's parents at 8 o'clock on the evening of the 18th instant. Father J. J. Sullivan of Mt. Carmel Catholic church will perform the ceremony.

Miss Hess is an attractive young woman and prominent socially. She is an accomplished musician and was educated at Notre Dame convent. The groom-to-be has been connected with a contracting firm in San Francisco. He is the son of Rev. George Wallace, an Episcopal missionary in Japan, and the nephew of Bishop John McKim, for years the resident Episcopal Bishop of Japan. The couple will reside in San Francisco.

SOUTHERN PACIFIC IS A BIG EXPO. CONTRIBUTOR

The treasurer of the Southern Pacific Company was yesterday directed to pay to the Panama-Pacific Exposition Company \$50,000, this payment, in addition to that of \$75,000 already turned over to the exposition company, clearing the railroad's slate of one-half of its stock subscription of \$250,000. This payment will be made within a day or so, President Moore having already been notified of the carrier's intention.

Officials of the Southern Pacific are already planning their exhibit at the exposition. They have applied for sufficient space to give them a big representation among the 1915 attractions, and, while the nature of the plans will not be revealed at present, the company expects to out rival the Pennsylvania and Santa Fe, according to statements made by various members of the executive staff.
